Product Information Sheet

Ideal Roller Lubricant (Paste) Roller Care & Maintenance Products

PRODUCT DESCRIPTION

Ideal Roller Lubricant is premium lubricant made from USP grade products. This product is formulated for use on press units running without ink. This product is designed for use on both Web Presses running half sheets and Sheetfed press units running without ink. Regular use of Ideal Roller Lubricant will prevent wear and premature failure of rollers.

DIRECTION

ROLLERS: Apply liberal amount to the top of the ink distributor roller and let it work in. To clean, wash with any one of our Water-Miscible products.

This product is not suitable for use with EPDM roller. For EPDM Rollers, use Ideal Roller Lube DUO.
