Product Information Sheet

Ideal Color EP (ECO-PRINT)

Process Ink Series

DESCRIPTION

The Ideal Color EP Process series is a high solid ink, based on Soya-oil, completely free of Mineral Oil. This ink series is an extremely fast setting, highly stable ink series designed for very high speed modern day printing presses. The EP Series will dry to a tough, scuff resistant finish with rich color and high gloss. As an added benefit, the EP series is very low VOC, contributing to a significantly reduced environmental footprint during the printing process.

Available in 4 color process.

Ideal Color EP Series is available in High tack, Medium tack and Low tack.

BENEFITS

- Ultra Fast Setting
- Excellent rub resistance
- Superior press stability
- Quick work and turn
