

Autowash 3100 (M-29)

Automatic Roller and Blanket Wash

PRODUCT DESCRIPTION

Autowash 3100 is a high strength press wash for use with conventional inks, and can be used for manual cleaning with a saturated cloth, or with automatic wash-up equipment. This product is formulated to provide superior performance. It's slow evaporation rate and high solvent strength will quickly break down and remove inks while deep cleaning rollers and blankets. When mixed with water, this product will remove both water-soluble and solvent soluble glaze in one step.

This product does not contain nonylphenol products or chlorinated solvents.

DIRECTIONS

ROLLERS: Can be used straight or diluted with up to 30% water. Apply across the top of the roller train. Allow the product to run down the roller train for a few minutes and engage the washup blade. Reapply as necessary until the fluid runs clear into the wash up tray. **DO NOT ALLOW ROLLER TRAIN TO RUN DRY.**

BLANKETS: Using a saturated cloth, apply to blankets full strength or mixed with up to 30% water. **DO NOT APPLY WHILE PRESS IS IN MOTION.**

AUTOMATIC UNITS: This product is recommended for automatic wash-up units.

PRODUCT CHARACTERISTICS

- Flash Point: 41°C (105.8°F)
- Vapour Pressure: 0.7797 mmHg @ 20° C
- VOC: 773.61 g/L (6.44 Lbs/Gallon)
- · Slow dry roller and blanket wash for deep cleaning
- · High strength

HMIS RATING

Phone: 905-696-9818

Contains corrosion inhibitors for added protection

PACKAGING

Health: 1 Flammability: 2 10 Litre Bottle 20 Litre Cube
Reactivity: 0 Personal Protection: B 205 Litre Drum 1100 Litre SS IBC Tank

DISCLAIMER:

To the best of our and our suppliers' knowledge, and provided that the product(s) in question is (are) used in accordance with the information given in the product information / technical data sheet and correctly processed, and provided that the food packaging is designed in a way that there is no intended direct food contact, the individual components of the product(s) in question are either: generally recognized as safe and/or have certified food grade compliance. Furthermore, providing this product is disposed of in accordance with your Municipalities regulations, this product is considered environmentally safe.
