Product Information Sheet

## Ideal Levelite Blanket Fix

Blanket swell / Low spot fix

### PRODUCT DESCRIPTION

Ideal Levelite Blanket Fix is formulated to swell low spots on the surface of printing blankets, returning them to proper printing height. This product will repair blanket smashes on the surface without the need to remove the blanket from the press. Ideal Levelite Blanket Fix, the original red blanket fix, will quickly swell the surface of the blanket, restoring to proper print height.

### DIRECTION

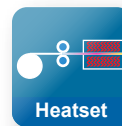

Prep the surface of the printing blanket by cleaning the area of the low spot. Using the applicator brush, apply Ideal Levelite Blanket Fix to the low spot. After roughly 1 minute, remove the blanket fix with a type wash or water-miscible and resume printing.

**ENSURE CLOSE CAP IS PROPERLY CLOSED TO PREVENT PRODUCT EVAPORATION / DRYING**

### PRODUCT CHARACTERISTICS

- High viscosity gel, will not run off brush
- Will quickly swell low spots
- Will maintain proper gauge for long period

### HMIS RATING

Health:	1	Flammability:	2
Reactivity:	0	Personal Protection:	B

### PACKAGING

4 oz. Bottle
